ARCHERS

Verse

The morning of the end
Creation bows before
The Lord storms in on, in on
Red outside the window

Chorus

Archers
Archers
Archers to
Archers to the north

IN VIEW

Verse

In View you storm in view
In view cross on the hill
In view the hills roll over
In view sealed with embers

End

On a roaring beach we stand
Our faces to the north

SILENT STORM

Silent storm rages on
Silent storm above our heads

ARROWS

Verse 1

Light of the worlds broken
On a cross he lay
Heavy heart laid down
Heavy smile shone down

Chorus

Arrows guide us home
Arrows show us home

Verse 2

Deep calls to deep
In your grace we stand
Scream of spring torn in two

Chorus

Arrows guide us home
Arrows show us home

Verse3

In a field we lay
Seeing gold and blue
In a field we lay
A night here on earth
