

# Fly Now, Autumn

## **Daylight Tremor**

Alan G © 2009

### **Doves**

*Verse One*

Green light on go  
You sail away  
No one would listen to you  
Look where they are now

*Chorus*

Early morning  
Early morning  
Early Morning  
Never tastes  
Never tastes like  
Disaster

### **Archers**

*Verse One*

The morning, of the end  
Creation, bows before, before you  
The Lord, storms in on, in on  
Red outside, my window, my window

### **North Shores of Heaven**

*Verse One*

And I'll wait on you  
On the north shores of heaven  
It looks so cold down there  
Just a memory on the ground  
The colours start to run  
As everything draws away

*Chorus*

And I'll wait on you  
And I'll wait on you

*Verse Two*

Hand in the headlights  
Our head in our hands  
Those shards are nothing at all  
And I'll wait on you

**Tear**

*Verse One*

I'll tear my wings out to try and find you there  
I'd tear my wings out, to find you  
I'll tear my wings out to try and find you there  
I'd tear my wings out, to find you

*Verse Two*

I'd swim divided just to hold you there  
I'll swim divided, to hold you  
I'd swim divided just to hold you there  
I'll swim divided, to hold you

**Lila**

*Verse One*

I'll show you  
Just what you mean to me  
Washing away  
In the heat of the day

*Chorus*

Lila run free  
Gently to me

*Verse Two*

I'll tell you  
Just what it means to me  
And hold you near  
Feel your breath in my ear

*Chorus*

Lila run free  
Gently to me  
Lila run free  
Gently to me
